AMENDED IN SENATE AUGUST 20, 2003

CALIFORNIA LEGISLATURE—2003–04 REGULAR SESSION

ASSEMBLY BILL

No. 1005

Introduced by Assembly Member Dutra

February 20, 2003

An act to add Section 12401.71 to the Insurance Code, relating to title insurance.

LEGISLATIVE COUNSEL'S DIGEST

AB 1005, as amended, Dutra. Title insurance: rates.

Existing law prohibits a title insurer, underwritten title company, or controlled escrow company from using any rate in the business of title insurance before its effective date or before it has been publicly displayed, as specified, for at least 30 days. Existing law provides that no rate increase shall apply to title policies or services that have been contracted for prior to the rate's effective date.

This bill would provide that, notwithstanding the above provisions, a title insurer, underwritten title company, or controlled escrow company may use a new rate prior to 30 days after the filing if the new rate results in a reduction from an existing rate, the earlier effective date is set forth in the filing, and the new rate has been publicly displayed and made readily available to the public prior to its effective date. It would provide that any rate reduction shall be subject to regulation by the Insurance Commissioner, as specified.

The bill would require the Department of Insurance, 5 years from the effective date of these provisions, and within existing resources, to review the reduced rates authorized by these provisions, as specified.

Vote: majority. Appropriation: no. Fiscal committee: ~~no~~ yes. State-mandated local program: no.
